SVP COLLEGE OF PHARMACY

(D.Pharm & B.Pharm)

At. Hatta Tq. Basmat Dist. Hingoli (M.S.) 431705

4.3.1 Institution frequently updates its IT facilities and provides sufficient bandwidth for internet connection.

In order to fulfil the increasing need for technically qualified professionals in today's cutthroat economy, the institution guarantees that both its instructors and students will have access to the newest models of computers and software. The IT infrastructure and Wi-Fi (1TB) at our university are consistently maintained, and we have all the resources needed to support teaching-learning activities for both instructors and students. Computer laboratories equipped with enough desktops for students to use and access with ease. The 1:09 is the student to computer ratio.

- Wi-Fi and plug-and-play LCD projectors are installed in four classrooms to facilitate effective teaching, information exchange, and knowledge retention.
- Nine devices total—five scanners, five LCDs, one photocopier, and four in the among which is in a boardroom and another in a school.
- Staff and students can access additional study-related information via the institute's 500 Mbps (leased line) free Wi-Fi. To address malware and virus concerns, Dell Sonic Wall offers Windows network security and Endpoint Security antivirus.
- MCAFEE ANTIVIRUS Security is installed on every PC. Three years from now, the anti-virus Programmes are upgraded. The college's computers are strategically connected to printers and scanners to enable teachers and pupils.
- For safety and security, surveillance cameras have been installed on campus. Throughout the campus and classrooms, there are ten network video recorder cameras, seven digital video recorder cameras, and nine closed circuit television (CCTV) cameras.
- Twenty systems with licenced Biyani technology are present in the language lab to assist students in developing their communication skills. Software and digital audio-video resources are also added to it.
